## Conversation Starters

These were the objects we used in our everyday lives since we were small. But with advancements in technology, new materials and changing fashions, their recent versions often look very different. Use the following suggestions to start conversations about old and new objects in the home.

### General Suggestions

#### "What" Questions

What material was this object made from? What could you do with this object?

#### "Where" Questions

Where did you keep this object in your home?

Where did you take this object to be repaired?

#### "Who" Questions

Who used to do the cooking or laundry in your home?

Who in your family used this object the most?

#### "When" Questions

Was there a special time when you would use this object?

#### "How" Questions

How much did an object like that cost? How did you turn that object on and off?

### Specific Suggestions

**Scene 1, Fan**—How did you used to keep cool on hot summer days?

**Scene 2, Luggage**—Where did you store your luggage when you were not using it?

**Scene 3, Radio**—Was there a special radio program you would listen to?

**Scene 5, Tea Cup**—On what occasions did you use the good china tea cups?

**Scene 7, Telephone**—Was your telephone ever on a shared 'party line'?
